ADVANTAGES

Modern design: The OASIS® BLACK BIOLIT® Planting Bowls are very versatile due to their black colour. They are a true eye-catcher - not only as a vessel for modern funeral decoration but also as a small gift or for outdoor planting.

Compostability: They consist of 100 % pressed recycled paper, are biodegradable and can be disposed of in a compost without any concerns. All glues and printing inks that were used, are free of dissolvents and based on water-containing base materials.
